

IMPLEMENTATION OF EU COLORECTAL CANCER SCREENING GUIDELINES WITHIN THE SCREENING PROGRAMMES IN ITALY, ROMANIA AND SLOVAKIA

*Structural Reform Support Programme
(SRSP)*

- Merito di Carlo Senore e Grazia Grazzini

- Italy, Romania and Slovakia have requested support from the European Commission under Regulation (EU) 2017/825 on the establishment of the Structural Reform Support Programme ("SRSP Regulation").

- The general objective of this Action is to contribute to the improvement of the efficiency of the health systems in Italy, Romania and Slovakia in order to enhance cohesion and sustainable growth.....
- The specific objective of this action is that Italy, Romania and Slovakia extend coverage and effectiveness of colorectal cancer screening programmes and contribute to a reduction in the burden of cancer on the population.

- The final beneficiaries of the Action are Ministries of Health in Italy, Romania and Slovakia, which will profit from improved capacity to design and carry out screening programmes and their organisational models.
